

MUSEUM OF EARLY TRADES & CRAFTS

## **Weaving with your Weaving Disc**

1. Count back 3 slits from the empty slit.
2. Pull that strand of yarn up, crossing over 2 slits, & bring down into empty slit.
3. Keep repeating process, always counting back 3 slits from the empty slits.
4. Periodically tug down on the knot underneath to see your woven string develop!
5. When your woven string is the length you want, cut it off & knot the other end.

## **Ideas for using your woven string**
